- Aux in: Line in
- Headphone: 3.5 mm
- Other connections: FM Antenna, MW Antenna

### Convenience
- Alarms: CD Alarm, Radio Alarm, Tape alarm, Sleep timer
- Clock: On main display
- Display Type: LCD
- Backlight color: Blue
- Eco Power Standby: 1 watt

### Accessories
- Included Accessories: FM/MW Antenna
- Remote control: 21-key

### Dimensions
- Set dimensions (W x H x D): 148 x 235 x 258 mm
- Main speaker dimensions (W x H x D): 142 x 235 x 212 mm
- Packaging dimensions (W x H x D): 342 x 312 x 446 mm
- Weight incl. Packaging: 8.43 kg

## Product highlights

**10 hours of MP3-CD music**
*MP3 stands for "MPEG 1 Audio layer-3".MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.*

**Incredible Surround™**
*Incredible Surround is an audio technology from Philips that dramatically magnifies the sound field to immerse you in the audio. Using state-of-the-art electronic phase shifting, Incredible Surround mixes sounds from left and right in such a way that it expands the virtual distance between the two speakers. This wider spread greatly enhances the stereo effect and creates a more natural sound dimension. Incredible Surround allows you to experience total surround with greater depth and width of sound, without the use of additional speakers.*

**Digital Sound Control**
*Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.*

**Dynamic Bass Boost**
*Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.*
